

## NO MAN ESCAPES WHEN FREEDOM FAILS

What would be the effect on the United States if a disarmament treaty should actually be put into effect? Here are some of the things which would happen if this treaty were fulfilled and carried out:

1. American independence would be destroyed.
2. The Declaration of Independence would become an obsolete document.
3. The U. S. A. would be kept under control of a uniformed UN police force . . . the so-called UN Peace Force . . . made up of foreign soldiers.
4. Our young men would be put in UN uniforms and sent to foreign countries to police their citizens under the authority of the UN military dictatorship.
5. We would have, finally and irrevocably, a One World Government.
6. A manipulated UN would be an alien-controlled military dictatorship.
7. The American flag would become a second-rate banner. (Let us not forget that early in 1962 recruitment posters were sent out by the Department of Defense carrying a picture of the UN flag but omitting the American flag. These posters were recalled only because of vigorous protests from the American people.)
8. The World Court would supersede the authority of our own domestic courts.
9. The Congress of the United States would be reduced to an authority similar to that now enjoyed by the state legislatures . . . and probably less. But the higher authority over Congress would not be to a body made up of Americans, for the UN military dictatorship would be in charge.
10. Taxes would become, not almost but completely confiscatory, for a continuous effort would be made to equalize living conditions world-wide, and the United States would be both outnumbered and outvoted.

Such would be the effects of the general provisions of our surrender treaty. Individual freedom could not possibly survive.

We echo the question posed by a patriotic weekly newspaper, the *Gallatin Country Tribute* of Bozeman, Montana . . . "What is it going to take to arouse Americans before it is too late?"

As a side issue to the disarmament proposals, this newspaper points out, legislation has been proposed to require the registration of all privately owned firearms. This could result in the total disarming almost overnight of our citizenry.

"We have been careless," says an editorial in the Montana paper, "about the erosion of our freedoms." With indifference, we have

watched our riches flung around the seven seas with careless hands.

Indifference and a false sense of security constitute the parenthood of decay, decline and defeat. Is that the heritage we wish to leave our children? What, my friends, will be the answer in this hour of our nation's gravest peril? What is **YOUR** answer?

Do you reply, "It is not for me to answer"? If you do, then you must be wrong, for freedom cannot be delegated to someone else entirely. Sure, we have our military defense establishment. But what about the insidious inroads of propaganda and subversion of the mind which is the major weapon used by the enemies of freedom? Who can defend your mind against these weapons but you? Who can make up your mind that you believe in freedom and peace instead of peace without freedom which is advocated by so many loud voices these days? No, my friends; freedom is an individual matter, and if you are totally dependent on someone else for your continued freedom, then you are even now no longer free.

Remember, "No man escapes when freedom fails. The best men rot in filthy jails. And those who cried 'appease,' 'appease' are hanged by those they tried to please."

## The Feds - and - Reds Take a Small City in the South

By Paul Revere in a Pontiac

This thing called **Communism** is very complex and difficult to define accurately. In fact, Communism is an abstraction used as a semantic smoke-screen by those who hate Christ and who are the real originators of the term, "Communism." However most White Christian students of the communist menace who understand agree that, "This thing called Communism operates as a world wide conspiracy of **BIG Money, BIG Communications, BIG Government, BIG Business, BIG Labor, BIG Miseducation, BIG anti-Christ Religion and—little people;—NO stable middleclass.**"

Those who understand, further agree that this world-wide conspiracy is controlled at the top by an interlocking directorate of the anti-Christ and that these conspirators are plotting to destroy Christianity and the White Race and set up a one-world police slave-state within the framework of the United Nations Organization.

We have given you this basic information on communism so that you may more readily appreciate how the Feds-and-Reds go about their business of taking a city in the South of, let us say for instance, the size of Union Springs, Alabama. In order for this takeover to happen to City X, a city where the White population is almost universally Christian and greatly outnumbered by negroes, it is essential that the White citizens be prepared or conditioned both psychologically and materially for the Fed's coup.

City X is carefully selected after a thorough staff study by the Reds, several years in advance of the planned coup, and Red-and-Fed infiltrators are sent in to soften up the populace. First **BIG** Government orders a couple of undercover agents to quietly move in and establish residence and, if possible, to surreptitiously join the local police force or Federal Agriculture Agency. **BIG** Communications has already exerted great pressure upon the editor and staff of the local newspaper (not successfully in Elmore County). A real liberal, usually a fresh country egg-head, will be assigned by **BIG** Miseducation to replace the loyal principal of the school selected for integration. **BIG** Business, perhaps via the instrumentality of a public utility or business corporation, will send in a local manager well-schooled in infiltration tactics, to create an atmosphere of "inevitability" in the local Chamber of Commerce and also play up to and indoctrinate local business leaders in the Rotary Club, etc. And last but not least **BIG** anti-Christ Religion will send in a Red rat posing as a minister of Jesus Christ to undermine

local spiritual leadership and condition the White Christian citizens spiritually for the take over. This spiritual conditioning is unquestionably the **greatest crime of all.** (**BIG** Money and **BIG** Labor are not necessarily called in for small cities but they play a very important role in metropolitan areas.)

Now the entire fabric of civilization of the victim city thoroughly riddled and infiltrated with Reds and with the people impregnated with fear of the Feds, the stage is all set for the grand opening. (Never forget the communist state is the police state.) On the morning of the takeover the curtain rises on the great Red drama. The local police force, doubled in number by a thoroughly cowed mayor and city council, throw up barricades around the school building, ban all cameras and all reporters, keep all White persons other than school children and teachers from even approaching the vicinity of the school, then quietly and peacefully await the arrival of the three black puppets escorted by the Feds who, on signal, triumphantly lead the negroes, in violation of the Constitution of the United States and the will of the people, through the front door of the school.

The Feds-and-Reds have taken a small city in the South. When the incident is mentioned, a cold chill settles upon the White Christian citizens of City X and fear of the Feds-and-Reds is unmistakably apparent in the eyes and countenance of the once free people. A pall has settled upon the once dignified and happy City.

The Feds-and-Reds could not perpetrate these outrages without the assistance of local government (whether wittingly or unwittingly is immaterial) at least not until the arms of civilians are confiscated and the U. S. Armed Forces are completely rotten at their core. The Alabama National Guard, without being federalized, integrated the Bus Stations in Montgomery under one governor and Alabama State Troopers supervised the integration of Auburn University under another governor. Remember?

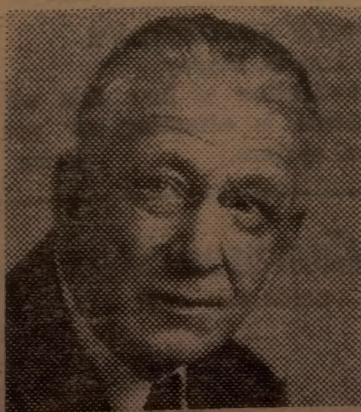

"It is one thing to desire to be free; it is quite another thing to will to be free."

## TRUE Patriotism

"PATRIOTISM MEANS TO STAND BY THE COUNTRY. It does not mean to stand by the President or any other public official save exactly to the degree in which he himself stands by the Country. It is patriotic to support him insofar as he efficiently serves the Country. IT IS UNPATRIOTIC NOT TO OPPOSE HIM TO THE EXACT EXTENT THAT BY INEFFICIENCY OR OTHERWISE HE FAILS IN HIS DUTY TO STAND BY THE COUNTRY."

—Theodore Roosevelt

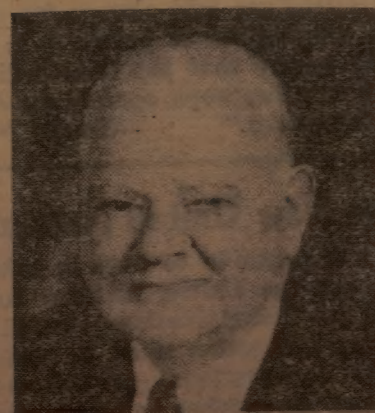

## Veteran Patriot

Verne Paul Kaub

Christian Educational Assn. is saddened to announce the death of Verne Paul Kaub, veteran patriot and founder of the American Council of Christian Laymen, on Sept. 6, 1964 at the age of 80. Mr. Kaub is the author of many books and particularly well-known for his study of the role of the National Educational Assn. in the indoctrination of the youth of our country with the ideology of communism/socialism. He was among the first to expose the National Council of Churches.

## True Statesman

Herbert Hoover

Our sincerest sympathies to the family of the late Herbert Hoover who died Oct. 20, 1964. Ex-president Hoover was a man much beloved for his service to humanity at the close of World War I, and a man much maligned for a depression over which he had no control. Hoover was granted the gift of a long life to see himself vindicated by the events of history. He was one of America's most noble and statesmanlike Presidents.
